TECHNICAL SKILLS

React, JavaScript, JQuery, mySQL, Git, Node, Express, MongoDB, GraphQL, IndexedDB, HTML/CSS, Salesforce, Figma, Jira, Microsoft Suite, Google Suite.

Website Builder Platforms such as: Duda, Wordpress, Wix

WORK EXPERIENCE

Web Developer II | KUKUI | September 2022 – Current | Remote

- Create designs and lead development on hundreds of live client websites..
- Create, maintain and update documentation on every aspect of our company's website development process (migration, development, quality assurance, launching).
- Lead team meetings, delegate weekly workloads, provide technical assistance, inter-department coordination, provide and manage project deadlines.
- Create and provide training, orientation, and mentoring to all new web developer team members.
- Coordinate and lead 1 on 1's with team members to mentor them or receive ideas/feedback.
- Lead research and development projects focused on finding new methodologies for our web development process in order to provide the best possible product for our clients.

General Manager | Banger's | October 2018 – February 2022 | Austin, TX

- Integrated and troubleshoot multiple point-of-sale platforms, inventory systems, and employee scheduling systems.
- Primary point of contact and liaison between Banger's and customers for event and daily operations management.
- Responsible for maintaining positive short and long term customer relationships in a high volume environment.
- Contributed to Banger's ability to sell Event services and other premium upsell opportunities with customers.

General Manager | Theo's Pizza | September 2011 – November 2017 | New Orleans, LA

- Built, modified, and maintained interviewing and onboarding processes for all new staff enablement and training.
- Deploy and support new processes to optimize day-to-day operations with the goal of improving business planning.
- Defined process architecture for driving P/L management systems, inventory management and turnover mitigation.
- Manage operations in partnership with regional leaders to drive sales and improve productivity while mentoring staff.

EDUCATION

University of Texas at Austin | Full Stack Web Development Certificate | May 2021 - No Expiry
